BRAIN

A JOURNAL OF NEUROLOGY

INDEX FOR VOL. 112, 1989

AUTHORS

Abbs JH, *see* Connor NP, 997
Adams RW, *see* Burke D, 417
Agid Y, *see* Pierrot-Deseilligny Ch, 471
Albert ML, *see* Naeser MA, 1
Alexander MP, Fischette MR, Fischer RS. Crossed aphasias can be mirror image or anomalous: case reports, review and hypothesis. 953
Andermann E, *see* Berkovic SF, 1231
Andermann F, *see* So N, 1261
Anders KH, *see* Vinters HV, 245
Anderton BH, *see* Leigh PN, 521
Applegate C, Burke D. Changes in excitability of human cutaneous afferents following prolonged high-frequency stimulation. 147
Applegate C, *see* Burke D, 913
Arnold D, *see* Berkovic SF, 1231
Artieda J, *see* Obeso JA, 765

Bancaud J, *see* Liegeois-Chauvel C, 375
Barnard RO, *see* Cruickshank JK, 1057
Baron J-C, *see* Kiyosawa M, 435
Baron JC, *see* Laplane D, 699
Baron JC, *see* Sette G, 931
Barrett G, *see* Newton MR, 1637
Baskerville J, *see* Weinshenker BG, 133, 1419
Bass B, *see* Weinshenker BG, 133, 1419
Baulac M, *see* Laplane D, 699
Baxter DM, *see* Shallice T, 1587
Benecke R, *see* Dick JPR, 233
Berardelli A, *see* Cruccu G, 1333
Berardelli A, *see* Dick JPR, 233
Berkovic SF, Carpenter S, Evans A, Karpati G, Shoubridge EA, Andermann F, Meyer E, Tyler JL, Diksic M, Arnold D, Wolfe LS, Andermann E, Hakim AM. Myoclonus epilepsy and ragged-red fibres (MERRF). 1. A clinical, pathological, biochemical, magnetic resonance spectrographic and positron emission tomographic study. 1231
Berkovic S, *see* So N, 1261
Berthier M, *see* Leiguarda R, 1019
Berthier ML, *see* Starkstein SE, 1141
Bigotte L, Olsson Y. Distribution and toxic effects of intravenously injected epirubicin on the central nervous system of the mouse. 457
Binkofski F, *see* Pause M, 1599
Bisiach E, Vallar G, Geminiani G. Influence of response modality on perceptual awareness of contralesional visual stimuli. 1627
Blaettner U, Scherg M, Cramon D von. Diagnosis of unilateral telencephalic hearing disorders: evaluation of a simple psychoacoustic pattern discrimination test. 177
Bolduc PL, *see* Starkstein SE, 1141
Bourbonnais D, Vanden Noven S, Carey KM, Rymer WZ. Abnormal spatial patterns of elbow muscle activation in hemiparetic human subjects. 85
Brandt T, *see* Dieterich M, 1377
Brion J-P, *see* Leigh PN, 521
Brooks BS, *see* Meador KJ, 103
Brooks DN, *see* Rugg MD, 489
Brust JCM, *see* Lytton WW, 583
Bulens C, Meerwaldt JD, Wildt GJ van der, Keemink CJ. Spatial contrast sensitivity in unilateral cerebral ischaemic lesions involving the posterior visual pathway. 507
Burgess PW, *see* Shallice T, 1587
Burke D, Adams RW, Skuse NF. The effects of voluntary contraction on the H reflex of human limb muscles. 417
Burke D, Applegate C. Paraesthesiae and hypaesthesia following prolonged high-frequency stimulation of cutaneous afferents. 913
Burke D, *see* Applegate C, 147
Burke D, *see* Macefield G, 1519
Buruma O, *see* Dick JPR, 233
Busch HFM, *see* Höweler CJ, 779
Busch HFM, *see* Mechć FGA Van der, 1563

Callanan MM, Logsdail SJ, Ron MA, Warrington EK. Cognitive impairment in patients with clinically isolated

lesions of the type seen in multiple sclerosis: a psychometric and MRI study. 361
Callanan MM, *see* Newton MR, 1637
Cantello R, *see* Dick JPR, 233
Carey KM, *see* Bourbonnais D, 85
Carpenter S, *see* Berkovic SF, 1231
Carriere W, *see* Weinshenker BG, 133
Carriere W, *see* Weinshenker BG, 1419
Chauvel P, *see* Liegeois-Chauvel C, 375
Clanet M, *see* Rascol O, 1193
Clark CR, Geffen GM. Corpus callosum surgery and recent memory: a review. 165
Clarke JM, Zaidel E. Simple reaction times to lateralized light flashes: varieties of interhemispheric communication routes. 849
Clements GB, Kennedy PGE. Modulation of herpes simplex virus (HSV) infection of cultured neuronal cells by nerve growth factor and antibody to HSV. 1277
Cline MA, Ochoa J, Torebjörk HE. Chronic hyperalgesia and skin warming caused by sensitized C nociceptors. 621
Cline M, *see* Culp WJ, 1317
Cole KJ, *see* Connor NP, 997

TITLES AND SUBJECTS

Ability of patients with brain damage to generate mental visual images (Goldenberg), 305
Abnormal ocular movements in Parkinson's disease: evidence for involvement of dopaminergic systems (Rascol *et al.*), 1193
Abnormal spatial patterns of elbow muscle activation in hemiparetic human subjects (Bourbonnais *et al.*), 85
Abnormalities of nonvisually guided eye movements in Parkinson's disease (Crawford *et al.*), 1573
Absence seizures in epileptic syndromes (Panayiotopoulos *et al.*), 1039
Acquired immune deficiency syndrome and cytomegalovirus (Vinters *et al.*), 245
Action myoclonus, treatment (Obeso *et al.*), 765
Acute experimental allergic encephalomyelitis (Pender), 393
Agraphia, lexical, in the Japanese language (Soma *et al.*), 1549
Agraphia without apraxia (Kawamura *et al.*), 1011
AIDS and cytomegalovirus (Vinters *et al.*), 245
Alexia, pure (Coslett and Saffran), 327
Allergic encephalomyelitis, acute experimental (Pender), 393
Allergic encephalomyelitis, experimental (Linington *et al.*), 895
Allergic neuritis, experimental, and effect of ion channel blockers (Mix *et al.*), 1405
Alzheimer's disease, nonverbal recognition and recency discrimination deficits (Sullivan and Sagar), 1503
Amnesia, transient global (Hodges and Ward), 595
Anterior callosal haemorrhage: a partial interhemispheric disconnection syndrome (Leiguarda *et al.*), 1019
Anticipation in myotonic dystrophy: fact or fiction? (Höweler *et al.*), 779
Aphasia, optic (Coslett and Saffran), 1091
Aphasia, severe nonfluency in (Naeser *et al.*), 1
Aphasias, crossed (Alexander *et al.*), 953
Audiospinal facilitation (Liegeois-Chauvel *et al.*), 375
Auditory cortex contribution to audiospinal facilitation (Liegeois-Chauvel *et al.*), 375
Autoimmune encephalomyelitis, experimental (Heininger *et al.*), 537

Basal ganglia damage and behaviour changes (Laplane *et al.*), 699
Behaviour and basal ganglia damage (Laplane *et al.*), 699
Bereitschaftspotential is abnormal in Parkinson's disease (Dick *et al.*), 233
Brain damage and mental visual imaging (Goldenberg), 305
Brain haemodynamics and oxygen metabolism in cerebrovascular disease (Sette *et al.*), 931
Brain stimulation causing delayed execution of voluntary movement (Day *et al.*), 649
Bulbospinal neuronopathy (Sobue *et al.*), 209

C nociceptor sensitization causing hyperalgesia and skin warming (Cline *et al.*), 621
Callosal haemorrhage, anterior (Leiguarda *et al.*), 1019
Capsaicin-induced hyperalgesia (Culp *et al.*), 1317
Cerebellar motor control (Inhoff *et al.*), 565
Cerebral infarction and ipsilateral sensory-motor function (Jones *et al.*), 113
Cerebral ischaemic lesions and spatial contrast sensitivity (Bulens *et al.*), 507
Cerebrovascular disease and brain haemodynamics (Sette *et al.*), 931
Changes in excitability of human cutaneous afferents following prolonged high-frequency stimulation (Applegate and Burke), 147
Chorea, experimental, and the subthalamic nucleus (Mitchell *et al.*), 1533
Chronic hyperalgesia and skin warming from sensitized C nociceptors (Cline *et al.*), 621
Chronic inflammatory demyelinating polyneuropathy: conduction failure before and during immunoglobulin or plasma therapy (Van der Meché *et al.*), 1563
Closed head injury followed by CNV abnormalities (Rugg *et al.*), 489
CNV abnormalities following closed head injury (Rugg *et al.*), 489
Cognitive event-related potentials in multiple sclerosis (Newton *et al.*), 1637
Cognitive impairment in patients with clinically isolated lesions of the type seen in multiple sclerosis: a psychometric and MRI study (Callanan *et al.*), 361
Cognitive impairments and depression in Parkinson's disease (Starkstein *et al.*), 1141
Colour vision and spatiotemporal contrast sensitivity in multiple sclerosis (Travis and Thompson), 283
Commissurotomy, forebrain (Eacott and Gaffan), 1215
Complement in experimental allergic encephalomyelitis (Linington *et al.*), 895
Conduction failure in chronic inflammatory demyelinating polyneuropathy (Van der Meché *et al.*), 1563
Conduction velocities of muscle and cutaneous afferents in the upper and lower limbs of human subjects (Macefield *et al.*), 1519
Contrast sensitivity in cerebral ischaemic lesions (Bulens *et al.*), 507
Contrast sensitivity in hemianopia (Hess and Pointer), 871
Corpus callosum isthmus and genu, hand and sex differences in (Witelson), 799
Corpus callosum surgery and recent memory: a review. (Clark and Geffen), 165
Corticobasal degeneration (Gibb *et al.*), 1171
Crossed aphasias can be mirror-image or anomalous: case reports, review and hypothesis (Alexander *et al.*), 953
Cutaneous afferents and muscle conduction velocities (Macefield *et al.*), 1519

Cutaneous afferent stimulation followed by paraesthesiae and hypaesthesia (Burke and Applegate), 913
Cutaneous afferents, excitability changes following stimulation (Applegate and Burke), 147
Cutaneous afferents in diabetic neuropathy (Mackel), 1359
Cytomegalovirus in the nervous system of patients with the acquired immune deficiency syndrome (Vinters *et al.*), 245
Cytoskeletal abnormalitics in motor neuron disease: an immunocytochemical study (Leigh *et al.*), 521

Delay in the execution of voluntary movement by electrical or magnetic brain stimulation in intact man: evidence for the storage of motor programs in the brain (Day *et al.*), 649
Demyelinating polyneuropathy, chronic inflammatory (Van der Meché *et al.*), 1563
Depression and cognitive impairments in Parkinson's disease (Starkstein *et al.*), 1141
Diabetes, chronic experimental (Ward *et al.*), 197
Diabetic neuropathy and cutaneous afferents (Mackel), 1359
Diagnosis of unilateral telencephalic hearing disorders: evaluation of a simple psychoacoustic pattern discrimination test (Blaettner *et al.*), 177
Different interhemispheric transfer of kanji and kana writing evidenced by a case with left unilateral agraphia without apraxia (Kawamura *et al.*), 1011
Differentiation of typical absence seizures in epileptic syndromes: a video EEG study of 224 seizures in 20 patients (Panayiotopoulos *et al.*), 1039
Direct dyslexia: preserved oral reading of real words in Wernicke's aphasia (Lytton and Brust), 583
Distal myopathy with rimmed vacuole formation: a follow-up study (Sunohara *et al.*), 65
Distribution and toxic effects of intravenously injected epirubicin on the central nervous system of the mouse (Bigotte and Olsson), 457
Distribution of muscular weakness in upper motor neuron lesions affecting the arm (Colebatch and Gandevia) 749
Dyslexia, direct (Lytton and Brust), 583

Effect of ion channel blockers on immune response and course of experimental allergic neuritis (Mix *et al.*), 1405
Effects of voluntary contraction on the H reflex of human limb muscles (Burke *et al.*), 417
Elbow muscle activation in hemiparesis (Bourbonnais *et al.*), 85
Electrophysiological investigations in adoptively transferred experimental autoimmune encephalomyelitis in the Lewis rat (Heininger *et al.*), 537
Encephalomyelitis, acute experimental allergic (Pender), 393
Encephalomyelitis, experimental allergic (Linington *et al.*), 895
Encephalomyelitis, experimental autoimmune (Heininger *et al.*), 537
Endocarditis, infective (Jones and Siekert), 1295
Epilepsy, myoclonus, and ragged-red fibres (Berkovic *et al.*), 1231
Epilepsy, myoclonus, and ragged-red fibres (So *et al.*), 1261
Epileptic syndromes and absence seizures (Panayiotopoulos *et al.*), 1039
Epirubicin neurotoxicity (Bigotte and Olsson), 457
Event-related potentials in multiple sclerosis (Newton *et al.*), 1637
Evidence for a contribution of the auditory cortex to audiospinal facilitation in man (Liegeois-Chauvel *et al.*), 375
Evidence for preserved reading in 'pure alexia' (Coslett and Saffran), 327
Excitability of cutaneous afferents (Applegate and Burke), 147
Experimental allergic encephalomyelitis, complement in (Linington *et al.*), 895
Experimental allergic encephalomyelitis in rat (Pender), 393
Experimental allergic neuritis and effect of ion channel blockers (Mix *et al.*), 1405
Experimental autoimmune encephalomyelitis electrophysiology, in rat (Heininger *et al.*), 537
Experimental diabetes in rats (Ward *et al.*), 197
Eye gaze paresis (Meador *et al.*), 103
Eye movement abnormalities in Parkinson's disease (Crawford *et al.*), 1573
Eye movement disorders in Parkinson's disease (Rascol *et al.*), 1193

Facial flushing, reflex control of (Drummond and Finch), 1351
Feline Niemann-Pick disease polyneuropathy (Cuddon *et al.*), 1429
Functional organization of the trigeminal motor system in man: a neurophysiological study (Cruccu *et al.*), 1333

Gaze paresis (Meador *et al.*), 103
Glucose utilization affected by nucleus basalis of Meynert lesions (Kiyosawa *et al.*), 435

H reflex affected by voluntary contractions (Burke *et al.*), 417
Haemodynamics, local brain, and oxygen metabolism in cerebrovascular disease (Sette *et al.*), 931
Haemorrhage, anterior callosal (Leiguarda *et al.*), 1019
Hand and sex differences in the isthmus and genu of the human corpus callosum: a postmortem morphological study (Witelson), 799
Hand use and interhemispheric conflict in commissurotomized monkeys (Eacott and Gaffan), 1215
Head injury, closed, followed by CNV abnormalities (Rugg *et al.*), 489
Hearing disorder diagnosis (Blaettner *et al.*), 177
Heat and mechanical hyperalgesia induced by capsaicin: cross modality threshold modulation in human C nociceptors (Culp *et al.*), 1317
Hemianopia, contrast sensitivity in (Hess and Pointer), 871

Hemidystonia, symptomatic and reciprocal inhibition between forearm muscles (Nakashima *et al.*), 681
Hemiparesis, abnormal muscle activation in (Bourbonnais *et al.*), 85
Hemiparesis due to stroke and reciprocal inhibition between forearm muscles (Nakashima *et al.*), 681
Hemisphere asymmetry for eye gaze mechanisms (Meador *et al.*), 103
Hemispherectomy and prosopagnosia (Sergent and Villemure), 975
Herpes simplex virus infection modulated by nerve growth factor and HSV antibody (Clements and Kennedy), 1277
Human T cell lymphotropic virus type 1 and tropical spastic paraparesis (Cruickshank *et al.*), 1057
Hypaesthesia and paraesthesiae (Burke and Applegate), 913
Hyperalgesia, chronic, caused by sensitized C nociceptors (Cline *et al.*), 621
Hyperalgesia induced by capsaicin (Culp *et al.*), 1317

Impairment and recovery of ipsilateral sensory-motor function following unilateral cerebral infarction (Jones *et al.*), 113
Inclusion body myositis: observations in 40 patients (Lotz *et al.*), 727
Infective endocarditis (Jones and Siekert), 1295
Inflammatory demyelinating polyneuropathy (Van der Meché *et al.*), 1563
Influence of response modality on perceptual awareness of contralesional visual stimuli (Bisiach *et al.*), 1627
Interhemispheric communication routes (Clarke and Zaidel), 849
Interhemispheric conflict and hand use in commissurotomized monkeys (Eacott and Gaffan), 1215
Interhemispheric transfer differing for kanji and kana writing (Kawamura *et al.*), 1011
Ion channel blockers, effect of in experimental allergic neuritis (Mix *et al.*), 1405
Ipsilateral sensory-motor function after unilateral cerebral infarction (Jones *et al.*), 113
Ischaemic lesions and spatial contrast sensitivity (Bulens *et al.*), 507

Lateral visually-guided saccades in progressive supranuclear palsy (Pierrot-Deseilligny *et al.*), 471
Lexical agraphia in the Japanese language: pure agraphia for kanji due to left posteroinferior temporal lesions (Soma *et al.*), 1549
Local brain haemodynamics and oxygen metabolism in cerebrovascular disease: positron emission tomography (Sette *et al.*), 931
Loss of memory for people following temporal lobe damage (Ellis *et al.*), 1469

Memory, recent, following corpus callosum surgery (Clark and Geffen), 165
Memory loss following temporal lobe damage (Ellis *et al.*), 1469
Modulation of herpes simplex virus (HSV) infection of cultured neuronal cells by nerve growth factor and antibody to HSV (Clements and Kennedy), 1277
Motor neuron disease and respiratory complications (Howard *et al.*), 1155
Motor neuron disease, cytoskeletal abnormalities (Leigh *et al.*), 521
Motor neuron lesions, upper (Colebatch and Gandevia), 749
Movement and cerebellar structures (Inhoff *et al.*), 565
Movement, voluntary, delayed by brain stimulation (Day *et al.*), 649
Multiple sclerosis amongst Chinese in Hong Kong (Yu *et al.*), 1445
Multiple sclerosis and event-related potentials (Newton *et al.*), 1637
Multiple sclerosis, contrast sensitivity and colour vision in (Travis and Thompson), 283
Multiple sclerosis in Canada: clinical course and disability (Weinshenker *et al.*), 133
Multiple sclerosis in Canada: predictive value of the early clinical course (Weinshenker *et al.*), 1419
Multiple sclerosis-type lesions and cognitive impairment (Callanan *et al.*), 361
Muscle and cutaneous afferent conduction velocities (Macefield *et al.*), 1519
Muscular weakness in motor neuron lesions (Colebatch and Gandevia), 749
Myoclonus epilepsy and ragged-red fibres (MERRF). 1. A clinical, pathological, biochemical, magnetic resonance spectrographic and positron emission tomographic study (Berkovic *et al.*), 1231
Myoclonus epilepsy and ragged-red fibres (MERRF). 2. Electrophysiological studies and comparison with other progressive myoclonus epilepsies (So *et al.*), 1261
Myoclonus, treatment (Obeso *et al.*), 765
Myositis, inclusion body (Lotz *et al.*), 727
Myotonic dystrophy, anticipation in (Howeler *et al.*), 779
Myotonic syndromes and transient paresis (Zwarts and Van Weerden) 665

Natural history of multiple sclerosis: a geographically based study. 1. Clinical course and disability. (Weinshenker *et al.*), 133
Natural history of multiple sclerosis: a geographically based study. 2. Predictive value of the early clinical course (Weinshenker *et al.*), 1419
Neuritis, experimental allergic, and effect of ion channel blockers (Mix *et al.*), 1405
Neurological manifestations of infective endocarditis: review of clinical and therapeutic challenges (Jones and Siekert), 1295
Neuropathy, diabetic, and cutaneous afferents (Mackel), 1359
Niemann-Pick disease, feline (Cuddon *et al.*), 1429
Nonverbal recognition and recency discrimination deficits in Parkinson's disease and Alzheimer's disease (Sullivan and Sagar), 1503
Noradrenaline and prostacyclin in diabetic rat nerve (Ward *et al.*), 197
Nucleus basalis of Meynert lesions and glucose utilization (Kiyosawa *et al.*), 435

Object recognition in optic aphasia (Coslett and Saffran), 1091
Observations during transient global amnesia: a behavioural and neuropsychological study of five cases (Hodges and Ward), 595
Obsessive-compulsive and other behavioural changes with bilateral basal ganglia lesions: a neuropsychological, magnetic resonance imaging and positron tomography study (Laplane *et al.*), 699
Optic aphasia (Coslett and Saffran), 1091
Origins of utilization behaviour (Shallice *et al.*), 1587
Otolith function in man: results from a case of otolith Tullio phenomenon (Dieterich *et al.*), 1377
Oxygen metabolism and local brain haemodynamics in cerebrovascular disease (Sette *et al.*), 931

Pain from sensitized human nociceptors (Cline *et al.*), 621
Paraesthesiae and hypaesthesia following prolonged high-frequency stimulation of cutaneous afferents (Burke and Applegate), 913
Paraparesis, tropical spastic, and HTLV1 (Cruickshank *et al.*), 1057
Paresis, transient, in myotonic syndromes (Zwarts and Van Weerden), 665
Parietal cortex lesions and sensorimotor disturbances (Pause *et al.*), 1599
Parkinsonian deficits in serial multiarticulate movements for speech (Connor *et al.*), 997
Parkinson's disease, abnormal ocular movements (Rascol *et al.*), 1193
Parkinson's disease, abnormality of Bereitschaftspotential (Dick *et al.*), 233
Parkinson's disease, depression and cognitive impairments (Starkstein *et al.*), 1141
Parkinson's disease, eye movement abnormalities (Crawford *et al.*), 1573
Parkinson's disease, nonverbal recognition and recency discrimination deficits (Sullivan and Sagar), 1503
Pattern discrimination test for unilateral telencephalic hearing disorders (Blaettner *et al.*), 177
Polyneuropathy, chronic inflammatory demyelinating, with conduction failure (Van der Meché *et al.*), 1563
Polyneuropathy in feline Niemann-Pick disease (Cuddon *et al.*), 1429
Preserved object recognition and reading comprehension in optic aphasia (Coslett and Saffran), 1091
Progressive supranuclear palsy, saccades in (Pierrot-Deseilligny *et al.*), 471
Properties of cutaneous afferents in diabetic neuropathy (Mackel), 1359
Prosopagnosia in a right hemispherectomized patient (Sergent and Villemure), 975
Prostacyclin and noradrenaline in peripheral nerve of chronic experimental diabetes in rats (Ward *et al.*), 197

Ragged-red fibres in myoclonus epilepsy (Berkovic *et al.*), 1231
Ragged-red fibres and myoclonus epilepsy (So *et al.*), 1261
Reaching to a rewarded visual stimulus: interhemispheric conflict and hand use in monkeys with forebrain commissurotomy (Eacott and Gaffan), 1215
Reaction times to light flashes (Clarke and Zaidel), 849
Reading ability in pure alexia (Coslett and Saffran), 327
Reading comprehension in optic aphasia (Coslett and Saffran) 1091
Reading in Wernicke's aphasia (Lytton and Brust), 583
Reading with one hemisphere (Patterson *et al.*), 39
Recency discrimination deficits in Parkinson's and Alzheimer's diseases (Sullivan and Sagar), 1503
Reciprocal inhibition between forearm muscles in patients with writer's cramp and other occupational cramps, symptomatic hemidystonia and hemiparesis due to stroke (Nakashima *et al.*), 681
Recovery from acute experimental allergic encephalomyelitis in the Lewis rat: early restoration of nerve conduction and repair by Schwann cells and oligodendrocytes (Pender), 393
Reflex control of facial flushing during body heating in man (Drummond and Finch), 1351
Residual target detection as a function of stimulus size (Stoerig and Cowey), 1123
Respiratory complications and their management in motor neuron disease (Howard *et al.*), 1155
Response modality influence on perceptual awareness of contralesional visual stimuli (Bisiach *et al.*), 1627
Rimmed vacuole formation in distal myopathy (Sunohara *et al.*), 65
Role of cerebellar structures in the execution of serial movements (Inhoff *et al.*), 565
Role of complement in the pathogenesis of experimental allergic encephalomyelitis (Linington *et al.*), 895
Role of the subthalamic nucleus in experimental chorea: evidence from 2-deoxyglucose metabolic mapping and horseradish peroxidase tracing studies (Mitchell *et al.*), 1533

Saccades in progressive supranuclear palsy (Pierrot-Deseilligny *et al.*), 471
Sensorimotor disturbances in patients with lesions of the parietal cortex (Pause *et al.*), 1599
Sensory-motor function, ipsilateral, after unilateral cerebral infarction (Jones *et al.*), 113
Severe nonfluency in aphasia: role of the medial subcallosal fasciculus and other white matter pathways in recovery of spontaneous speech (Naeser *et al.*), 1
Simple reaction times to lateralized light flashes: varieties of interhemispheric communication routes (Clarke and Zaidel), 849
Skin warming and chronic hyperalgesia from sensitized C nociceptors (Cline *et al.*), 621
Spastic paraparesis, tropical, and HTLV1 (Cruickshank *et al.*), 1057
Spatial and temporal contrast sensitivity in hemianopia: a comparative study of the sighted and blind hemifields (Hess and Pointer), 871
Spatial contrast sensitivity in unilateral cerebral ischaemic lesions involving the posterior visual pathway (Bulens *et al.*), 507
Spatial neglect, unilateral (Ishiai *et al.*), 1485
Spatiotemporal contrast sensitivity and colour vision in multiple sclerosis. (Travis and Thompson), 283

Speech movements in Parkinson's disease (Connor *et al.*), 997
Speech recovery in aphasia (Naeser *et al.*), 1
Stimulus size and residual target detection (Stoerig and Cowey), 1123
Subthalamic nucleus, role in experimental chorea (Mitchell *et al.*), 1533
Supranuclear palsy, progressive (Pierrot-Deseilligny *et al.*), 471

Target detection and stimulus size (Stoerig and Cowey), 1123
Telencephalic hearing disorders (Blaettner *et al.*), 177
Temporal lobe damage and memory loss (Ellis *et al.*), 1469
Time course of effects of unilateral lesions of the nucleus basalis of Meynert on glucose utilization by the cerebral cortex: positron tomography in baboons (Kiyosawa *et al.*), 435
Transient global amnesia (Hodges and Ward), 595
Transient paresis in myotonic syndromes: a surface EMG study (Zwarts and Van Weerden), 665
Treatment of severe action myoclonus (Obeso *et al.*), 765
Trigeminal motor system in man, functional organization (Cruccu *et al.*), 1333
Tropical spastic paraparesis and human T cell lymphotropic virus type 1 in the United Kingdom (Cruickshank *et al.*), 1057
Tullio phenomenon (Dieterich *et al.*), 1377

Utilization behaviour (Shallice *et al.*), 1587

Visual image generation in brain-damaged patients (Goldenberg), 305
Visual stimulus awareness and influence of response modality (Bisiach *et al.*), 1627
Visuospatial processes of line bisection and the mechanisms underlying unilateral spatial neglect (Ishiai *et al.*), 1485
Voluntary contraction, effects on H reflex (Burke *et al.*), 417
Voluntary movement, execution delayed by brain stimulation (Day *et al.*), 649

Wernicke's aphasia and direct dyslexia (Lytton and Brust), 583
Writer's cramp and reciprocal inhibition between forearm muscles (Nakashima *et al.*), 681

X-linked recessive bulbospinal neuronopathy: a clinicopathological study (Sobue *et al.*), 209
